The No Boys Club

Dear Virgin Territory,

It's been years since I've purchased a brand new issue of yours, but after seeing sweet, brown-eyed Sasha on the Holiday '10 cover, I couldn't risk not catching the issue in a mag-pack. Sasha's sweet body and face look like something out of a dream. I would love to see more girls dressed like this in your magazine. No tats, no piercings, schoolgirl outfits and white hose. I would love to see Sasha again very soon, but not with any guys. Your magazines and DVDs already have enough guys banging girls and not enough lesbian scenes. Please have her in an all-girl orgy with other sweet girls! No boys at all. Not even dildos! Just sweet, young schoolgirls having a slumber party or sharing a hot shower at school. Better yet, put that on a DVD as well!—D.T., Nashville, Tennessee

Dear D.T.,

We don't have Sasha in an all-girl orgy, but you can check out the girls of Naughty Hottie Slumber Party (order it on page 9) getting it on in an incredible five-girl orgy. And if you want to see another all-girl teen orgy, check out the shower scene in Hussy High (available online at eboobstore.com).

Fantastic February

Dear Virgin Territory,

Your Feb. '11 issue could be the best one ever! The picture of Ali with that big cock up her twat with cum oozing out was awesome! Franziska has the finest teen butt ever. I sure would love to give it a good tongue-lashing. All of the fuck pics for Flat & Fucked 4 were smokin' hot, too. Every teen was hot from head to tits to cunt to ass to toes. Keep up the good work!—J.R., Nashville, Tennessee

Dear J.R.,

Thanks, and we hope that you're even more pleased with the March '11 issue. We've got more surprises in store, so keep your eyes peeled and your cock hard!

Fucking Lola

Dear Virgin Territory,

Lovely Lola (Sept. '10) has one of the loveliest hairy, pink beavers I have

Reader D.T.
likes Sasha
and her outfit
and wants
to see her
lezzin' it up.

I reach her clit. I'd pull back her clitty's hood to press my lips there and suck. With my finger deep inside her hole and my lips on her clit, I'd suck her joy buzzer till she creams my face.

When she is wet and spread wide on the chaise, I'd pump her tight twat while pinching and sucking her pink nips. I can just imagine sliding my rod deep inside, her pink pussy lips swallowing up my cock. I'd rub her sweet clit as I stroke deep inside Lola with my cock. I'd pump till I couldn't hold back, hoping Lola could cum before I spray my jizz all over her sweet teenage titties.—B.C., Old Bridge, New Jersey

Dear B.C.,

That sounds pretty hot! There's a photo of Lola on page 6 to help you better visualize your fantasy.

Nicole's Perfect Little Pucker

Dear Virgin Territory,

The Dec. '10 issue was great for us ass-loving guys. There were so many hot-looking rear ends and backdoor puckers. And quite possibly the perfect-looking woman is in this issue.

Nicole Marie is probably as close to the perfect woman as a guy is going to find. From her beautiful reddish-brown hair, great eyelashes, gorgeous brown eyes, cute nose, great ears, nice, wet tongue and luscious lips, beautiful smile all the way down

to her perfect figure.

She has the perfect size breasts, great areolae and super hot nipples. She has very nice hands with short un-colored nails. Not to mention her perfect bottom half. She looks so hot sitting on the floor on page 22 of the Dec. '10 issue, with her perfect tits, great belly and bellybutton, super

ever seen. The close-up shot of Lola's twat alone stiffened my cock like a flagpole. She has soft, light-brown pubes and puffy, pink, pouting pussy lips. It looks like such a delicious pussy to lick. I would part Lola's labia to open up her pussy like a delicate flower so I could slide my tongue inside, slowly licking her fuckhole till

thick pussy and perfect legs, feet and toes. I also loved the photos on pages 20 and 21 showing off her bottom, clit, dark pussy lips and her anus.

I'm not much for a lady wearing makeup or jewelry, but Nicole's pink toenails really look hot on her, as do her earrings. I also really like her white cotton panties, and I love what's inside the panties, too!

The only turn-off about Nicole Marie is her tattoo. I can't understand why a lady as close to being the perfect woman as Nicole Marie is would want to put tattoos on such a perfect-looking body.

But anyway, she also looks very hot riding a cock on page 17. Her back-door pucker looks real hot when she's riding a cock. That would probably be my favorite sexual position with Nicole Marie. I could lube up my fingers with her pussy juices and slide them in and out of her butthole while she's riding my cock.

Thanks for a great Dec. '10 issue. Hope to see an even hotter one soon.—K.C., Anamoose, North Dakota

Dear K.C.,

Nicole is a very sexy girl, and she is quite the nympho when it comes to sex.

You should see for yourself in Piped Pixies. (You can order it on page 9.) As for her tattoos, there's not much that we can really say except that times are changing and tattoos are becoming more and more popular. But we're glad you don't hold something like that against a hottie like horny, little Nicole.

Pussy Posing

Dear Virgin Territory,

I'm all in for your shaved young women. *18eighteen* has the most potential out of all the teen magazines out there. Your girls are the cutest.

I'd like to see large pictures of girls standing naked, smiling (lose the fingers in their mouths, they should act their age) with young, liquid eyes looking into the camera. Their hips should not be tipped and they shouldn't have one leg in front of the other. Their body should not be turned left or right and feet should be shoulder width apart, shot close-up from the thigh up. Don't make me come down there.

Your Jan. '11 issue was a little better than recent issues. I had issues with Brooke and Teagan in the Dec. '10 issue—their standing pictures were small and they were turned to the left.

Happy Wanking

Dear Virgin Territory,

I was thrilled when I purchased a Teen Porno Pack from a local shop in Leeds, England, and found a copy of 18eighteen magazine.

What a fantastic magazine! It is absolutely excellent in every way, with beautiful, young girls posing so seductively and enjoying good, healthy sex with no inhibitions whatsoever.

All your girls are beautiful and horny. The older I get, the more desirable 18 year olds become, with their smooth skin, flat bellies and small tits. My favorite in the July '10 issue is Jewel—a beautiful, young girl who reminds me of the daughter of a friend of mine. Her name is Emma, and she is a dead ringer for Jewel. I've often wanked in fantasy over Emma. Now I can use Jewel's photos to bring my fantasy to life, imagining that

thick, stiff cock up her cunt to be mine. Mmmm...gorgeous!

I was delighted to see mother and daughter Desi and Elli in the magazine, and thrilled that Desi was encouraging her young daughter to strip for the camera. I was just a little disappointed that neither lady showed their cunts, although I do have to say that Desi's panties were transparent enough in the crotch part to let us see a shady outline. I got the impression that if Desi had agreed to show us everything, then Elli would have had no problem doing the same.

Many thanks then for a magnificent magazine. Please keep up the good work. Now that I have discovered 18eighteen, be sure that I will find a way to purchase it every month from now on. My wife wouldn't approve, however, so I do have to wank in secret. However, your girls are so worth it, I don't mind in the least. Many thanks once again, and keep bringing on those flat teenage beauties!—I.L., Leeds, England

Dear I.L.,

Thank you for your kind letter. We would recommend becoming a subscriber to 18eighteen (see page 4), but since you mentioned that you must do your wanking in secret because your wife wouldn't approve, that might not be such a good idea. But we hope you continue to pick up 18eighteen from your local newsstand or convenience store. And to show our appreciation, we've included a bonus

A reader wrote in requesting this very specific pose for our models.

What the critics are saying...

Who Let the Dogs Out?

Dear Virgin Territory,

Lately the quality of your magazines has been sucking. The girls are just not that good. I really don't know what you're thinking when you pick some of these models. For instance, Mandy Spice from Nov. '10? Fucking ew. What a dog. And Lena from Dec. '10 looks like someone stepped on her face. Dolce from the same issue looks young but is really not doing it for me either. I want them young and cute!—Anonymous

Sophia Not at Her Best

Dear Virgin Territory,

Your hardcore has been good lately, but from May '10 to Sept. '10 it was shit. Reader M.F. from Camp Hill, Pennsylvania was spot on about the cum shots being crap, and he was spot on about Sophia. I love Sophia. She is really hot, but in the June '10 issue she just did not look sexy in her hardcore photos.—J.M., Falkirk, Scotland, UK

Extreme Pussy Close-ups

Dear Virgin Territory,

Please tell your photographers to get it together. I think your mag has so much potential, but the posing is just not right. Too often the girl's pussy is too small or covered with shadows. Shine a light on that pussy and make her spread it GOOD! Make sure you zoom in on it, too. I think your photographers need to give the girls better directions on how to spread their pussies. For example, in the Nov. '10 issue there were no spread pussy shots of Stine. And I really wanted to see that chubby babe's cunt hole.

Another example: Vicky in the Holiday '10 issue on page 60. That shot had so much potential to be great. But I can't see her pussy hole! She's spreading and all I see is her clit. It's a shame. Please make the girls shave their assholes, too. It's one thing if their entire pussy is hairy, but if their pussy is shaved and their asshole is hairy it's a huge turn-off. You need to stay on top of these things, 18eighteen. Just a few tweaks here and there and your magazine could be the greatest. Try again.—Z.T., via email

We're Two for Two

Dear Virgin Territory,

My Christmas came early this year when I opened my mailbox and received the Feb. '11 issue of *18eighteen*. Seeing Ali again so soon with a hot load of cum oozing out of her pussy will be the greatest gift I will receive this year. I don't think that photo shoot will ever be topped. Thank you so much for the two recent creampie photo shoots (the other was Colby's from Holiday '10). If you do nothing else with your magazine please keep the creepies coming and I'll keep cumming as well.

Lizzie, Franziska, Jasmine, Aubrey and Emily also made my dick extremely sore. It was so nice seeing Franziska once again (I just can't believe it's been since '08), and I really love her sexy braces. Lizzie's picture on the bottom of page 39 was awesome. Her beautiful twat looks hungry for a big,

Fraziska's lovely brace-face returned in Feb. '11 after a two year hiatus.

thick dick. As far as Jasmine, I'd love to hang out naked with her any time. Aubrey was smoking hot and she sure is good at spreading her luscious pussy. The shot on page 79 was nice. Emily was another hottie I'd love to fuck the brains out of. When will she be in a hardcore layout or in a DVD?

Biggest disappointment in the whole issue: Missy. She is past her *18eighteen* prime and needs to be retired. Her tits are way too big for this magazine. She should now be posing solely for *SCORE* mag or *Voluptuous*. Please do not run any more shots of her in *18eighteen*. All in all another great issue though. You are two-for-two so far for 2011. Keep up

the good work as you have definitely hit the ground running this year.-M.F., Harrisburg, Pennsylvania

Dear M.F.,

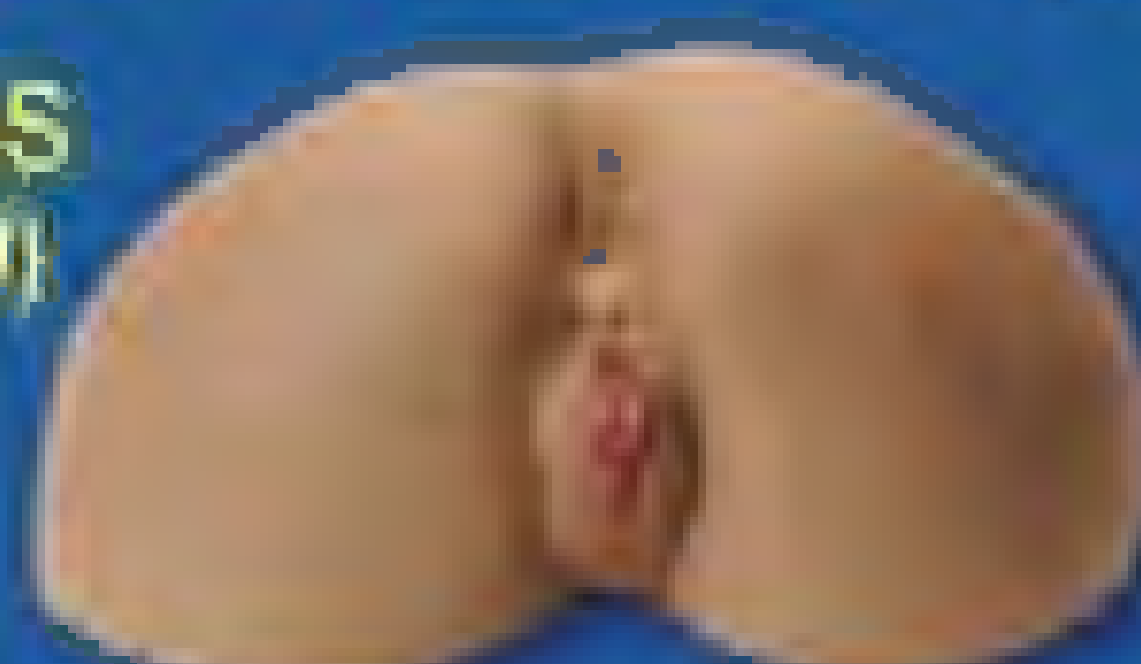

We plan to continue printing creampie photos. It seems the guys really like them! If you want to see another layout of Jasmine, you should check out her photos in the Dec. '06 issue. If you're interested in this back issue, you can order it online at eboobstore.com or call us at 1-800-421-0760. Sadly, we don't have photos of Emily doing hardcore. 18

your braces,

about them!

"They're okay. I would like it more if I didn't have them, but it's not a big deal. They took some getting used to. Like when I first got them I made out with this guy, and I accidentally cut his lip with my braces. I was afraid to try to give a guy head with braces 'cause I thought we'd have an accident. But I've got the hang of them now, and I can do it all!"

So you've sucked cock since you've gotten your brace?

"Yeah, and it was a piece of cake. You just have to be careful! And it's easier if you go slow. But that's how I like to give blow jobs, anyway Nice and slow and sloppy"

Lori had been hot for Brian ever since her dad hired the hunky ranch hand. But her father was super-strict when it came to her, especially since she'd only just turned 18. Lori wasn't about to let her father's rules get in the way, even if she was...

The Farmer's Daughter

BY JOE MONKS

Lori was out the farmhouse door in a blink, her dad's work orders in hand, headed for the farm's main out-building. Her mom was having the house painted, and the stink of fresh semi-gloss had sent her into a sneezing fit. They were starting on her room, now, and she wanted to be as far away as possible.

Not that she didn't have her own reasons for skipping out. One of the farm hands could've just as easily taken the paperwork over, but Lori had volunteered, blaming the paint stink for her eagerness to go. And, dad hadn't been suspicious at all.

At least, she didn't think he'd been suspicious. She'd have to watch herself. It wouldn't be wise to volunteer for too many errands, lest he realize that the new farmhand he'd hired was behind her sudden interest in lending a helping hand.

Since Brian's arrival at the Hard 8 ranch and farm, Lori had been spending more and more time outdoors, away from her schoolbooks and Xbox...even her best friend, Mindy. She took long rides on Cobalt, her filly, always managing to cross paths with the new guy.

Unfortunately, though, nothing had happened. Brian was older. 31, according to his job application, which Lori had snuck from her Dad's desk. From Wyoming, by way of Montana. Now...Kansas. Six foot tall, rangy and muscular, his face weather-tanned, with smile lines at his eyes and mouth. He was born, Lori thought, to be on a horse or tractor, straddling a split rail fence..

Or on top of me, riding me like a colt! Lori wished.

But that wasn't likely to happen. Her dad wasn't a tyrant, but he made it clear to all the ranch hands. His daughter was off limits. Getting too close to her was a firing offense.

For the most part, Lori stayed away from them. But...Brian was different. He was sexy as hell. Just saying hi to him made her bloomers soupy. She'd spent many a night fingering her

pussy, fantasizing about sneaking into the loft with him, getting down on her knees while he whipped out his cock so she could suck...

"Hello?" she called. No answer. She went in, finding the operations building empty. She checked her watch. Two o'clock. They were probably around back, taking a smoke break. Lori crept forward, listening. Sure enough, as she got close to the back window, she heard them.

"Frank's lucky he can stand up!" laughed Dave, the farm's supervisor.

"Got that right," agreed Calvin, one of the long-timers. "Him and that painted up girl from Ferris didn't come out of the Roadside Inn 'til I was driving in for work today. Must've been some party them two had!"

"That the one with the big udders?" asked another man

"Hell yeah! That one could carry more milk than some of them Holsteins we got!" The men laughed. Dave spoke again.

"You get a look at her, Bri? What'd you think? We give Frank grief or he pick a winner?"

"Ahhh, wasn't paying much attention," Brian drawled. The sound of his voice made Lori lurch to a stop, her twat suddenly on high-alert. "I ain't much for the ones with the big boobs. Prefer a gal with a nice ass."

"Y'know, ol' Deke's kid's got a pretty nice rump," said Calvin. "That girl's gonna be some heartbreaker."

"Can't say I haven't noticed," Brian said easily. "If it weren't for her old man's rules, I wouldn't mind doin' more than looking." The comment was met with unanimous approval.

Lori flushed, her freckle-spotted cheeks burning. She nearly tripped over her feet as she tossed the afternoon's work orders onto Dave's desk, racing from the building. Her panties were flooding. Her skin tingled. The guys! The guys were talking about her ass! She felt so embarrassed. Embarrassed, and...

And horny! Lori had to cum, with a right-fucking-now urgency.

She was halfway to the house

when she stopped short, remembering the painters. Dread welled up in her. Her room was off-limits! Not only couldn't she lock her door, slither under the covers and diddle her clit until she had to bite the pillow to keep from being heard, she didn't have access to her vibrator!

She considered her options. The big bathroom upstairs would be private enough, but she couldn't take a shower since the walls had been painted and needed to dry. A soapy finger-fucking session was out of the question. Not to mention, she'd only showered a couple of hours ago. Disappearing into the bathroom to take another...that was a no-go. The laundry room? Lori had masturbated in there before, and the running machines were handy to grind against in a pinch, but laundry only got done on the weekends. Today was only Thursday

Her panic growing, Lori scanned the grounds, and made a snap decision. Her pussy was on fire, and the only thing that would soothe the itch was an orgasm. She bolted for the stable where the family horses were kept, and darted inside.

The stable contained only three horses. It got cleaned out every morn-

ing and afternoon by one of the ranch hands, but otherwise, it was empty unless one of the family were there to ride. Knowing she'd be alone, though worried about the lack of any real privacy, she looked for a place to quench her thirst for a climax...or three.

The stable didn't present many choices. She could lay on a pile of oat sacks, but that didn't look very comfortable. The horses were shifted from stall to stall when the stable was being cleaned, so even the two empty stalls weren't an option. Desperate, pressing her legs together in frustration, she drifted into the tack room.

nothing Lori could do to keep a soft moan from escaping when she slid forward, grabbing the reins, pressing her throbbing clit into the hard, leather pommel.

Lori saw beads of pussy nectar when she slipped back, shiny on the dark, burnished leather. Her breath quickening, she began to rock back and forth, the saddle shifting beneath her shapely backside.

"Oh...my...god..." she gasped, dragging her dewy trench up the curve of the pommel. It was like a harsh tongue, rasping against her inner folds, rough on her clit and oh,

lips, crashing against her clit, making her head swim.

"Ohhhh, yeeeahh...al-most th-th-there. Almost..."

The tack stand shook, the base unsettled. Lori threw back her head, mouth open as she wailed in ecstasy. She glanced out the window, and saw that from her angle, she could just see the forms of the men smoking out behind the operations center. Her eyes fixed on Brian, leaning against a fence post, relaxed and looking hotter than the mid-afternoon sun. As she stared, superimposing an image of him naked over the saddle, he adjusted himself, shifting his bulge through his worn, faded Levi's.

Lori was in full-on gallop now, the tack stand dangerously close to overturning. But she didn't care. Picturing Brian's hand, adjusting his junk without his pants—or anything else—on, had her heading for home. Now, she was thrusting her twat into the pommel like she was the one with the dick, ramming against it over and over and over, furiously rushing towards a final climax. This was better than any cum she'd ever had riding. It certainly gave new meaning to the term, 'riding bareback.'

Cum gushing from her slit, Lori quivered as the orgasm shook her to the core. She couldn't stand it any more, the leather rasping against her button too much to bear. She stood up in the stirrups, thighs slick with cunt juice, gasping for breath. Sweat dripped down her face and neck. She closed her eyes, and began to let the excitement ease.

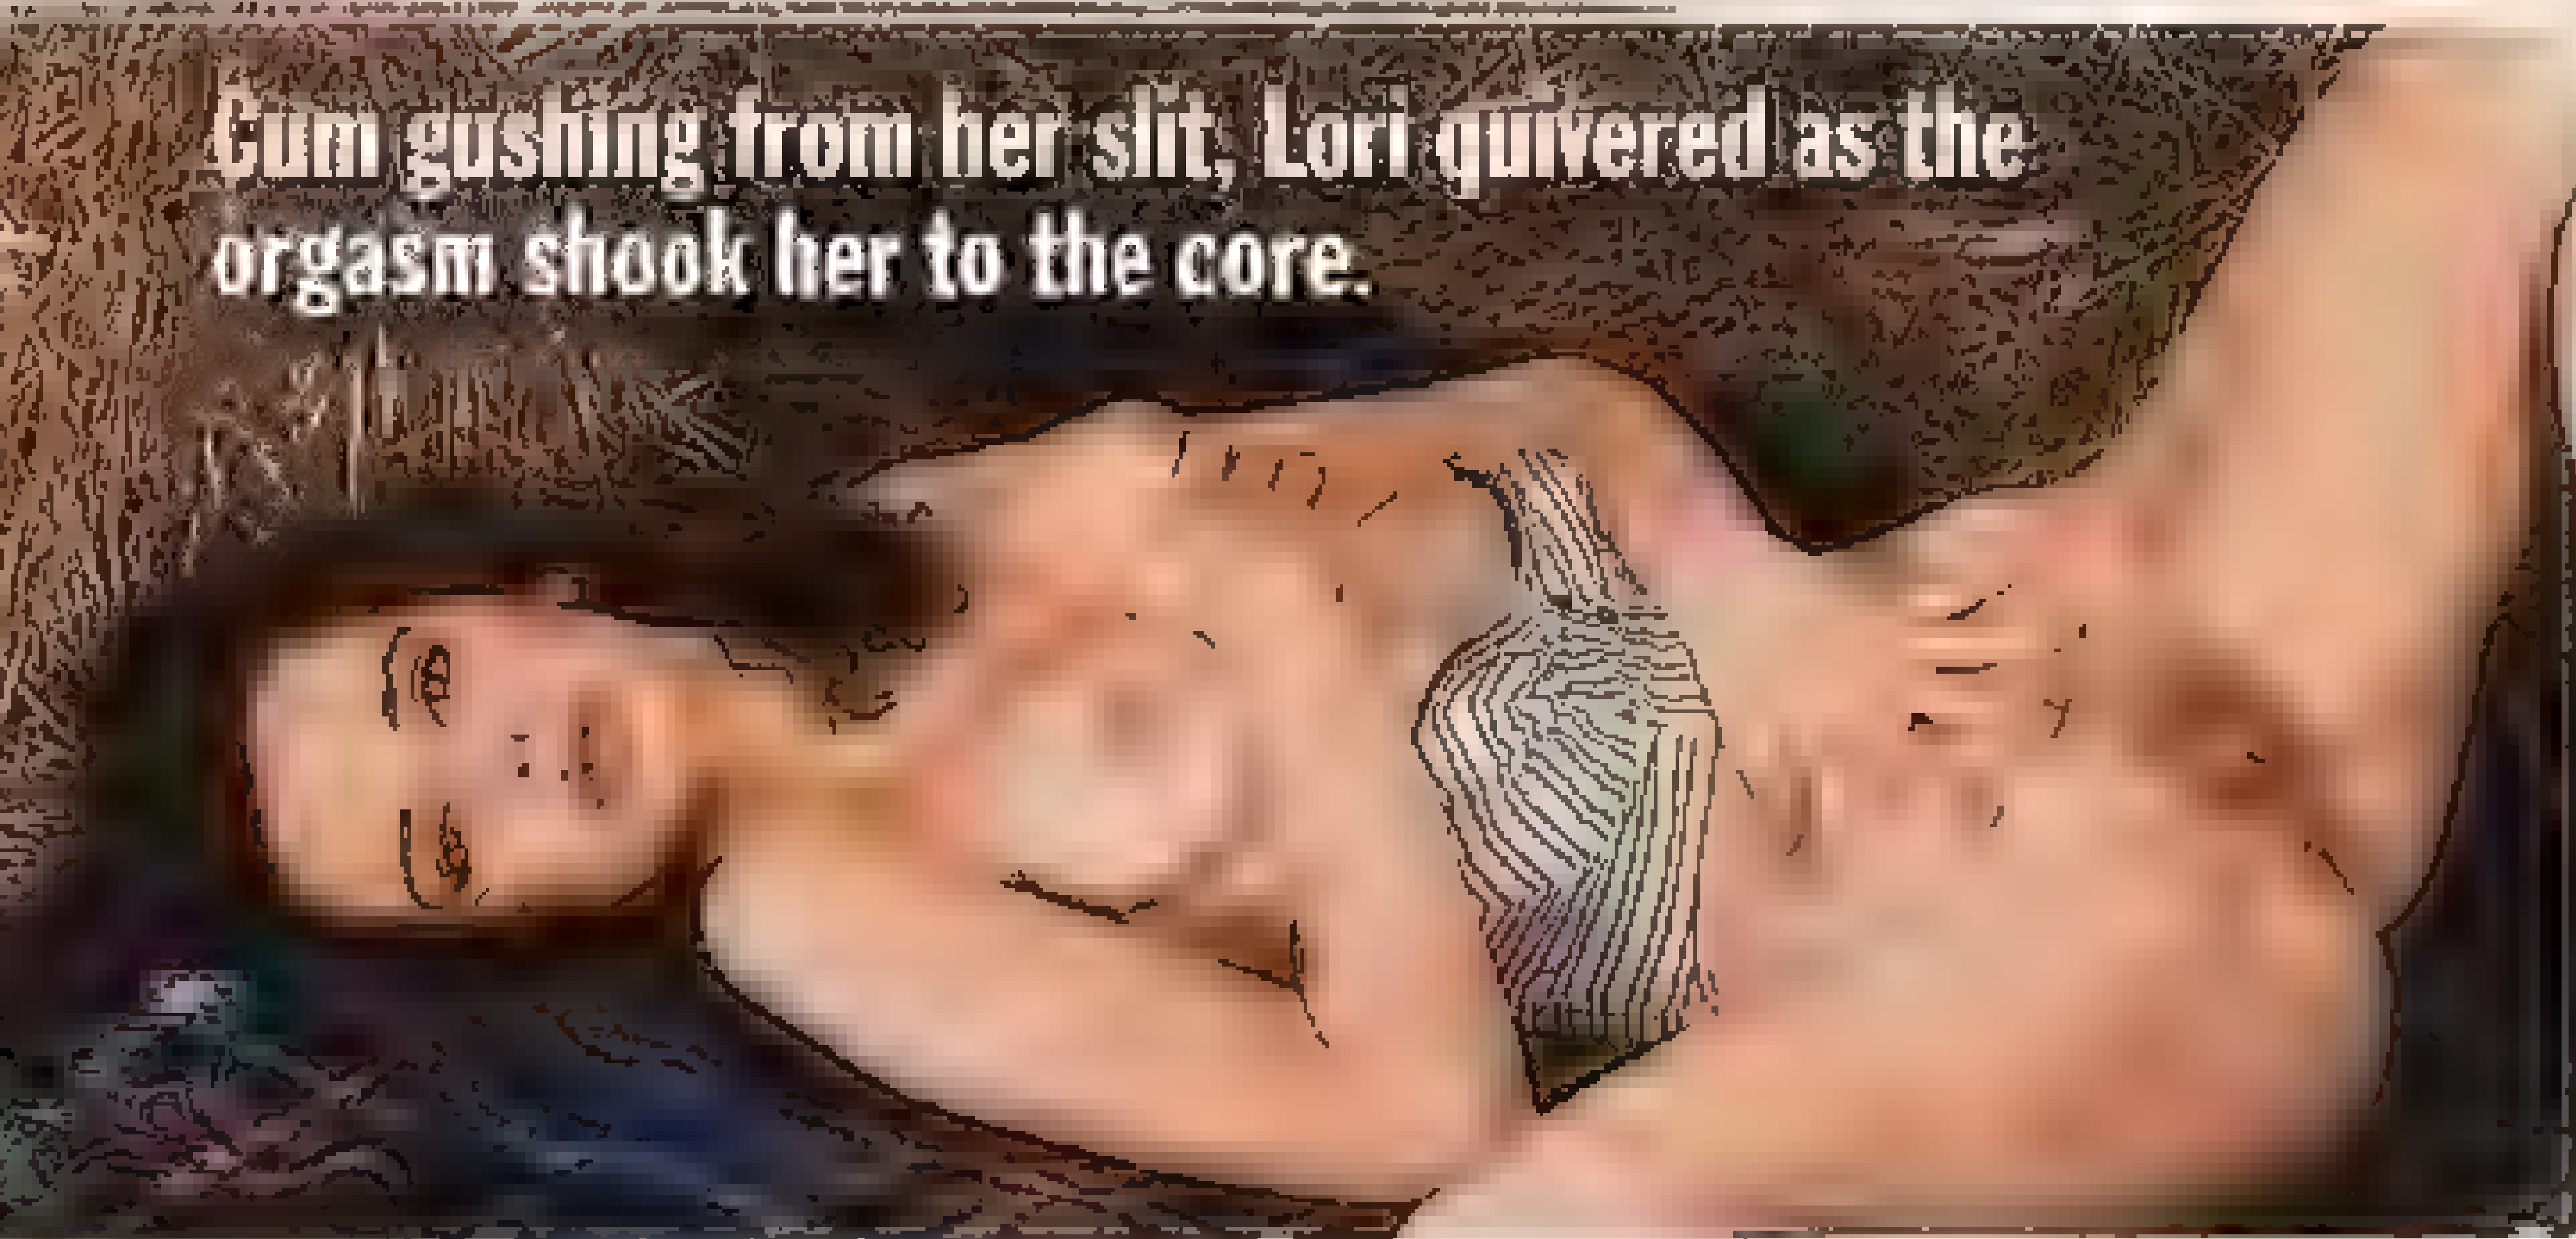

When she opened them again, Brian and the others were gone.

It was just after six when Brian strolled into the stable, his long legs looking good, his turned down work boots sending loose strands of straw flying. He walked over to the first stall, where King, a large gelding, munched oats. Glancing in, he tipped his hat back, perplexed. From her hiding spot, Lori

Cum gushing from her slit, Lori quivered as the orgasm shook her to the core.

And her prayers were answered.

Her good ol' saddle sat on the tack stand, sleek, oiled leather and stirrups waiting for feet to slide into them.

"This is gonna be kinky," she whispered. There was no lock on the tack room door, which made her nervous. But ignoring her oozing vagina would be even worse than getting caught. Wouldn't it?

She wriggled out of her skin-tight jeans and drenched drawers, jammed a sock-clad foot into the stirrup and hoisted herself up.

The leather was cool under her bare ass, the texture of it rough against her skin. She squeezed her thighs together, bringing herself forward. Her pussy ground into the pommel, and she let out a little squeak. Many a time that pommel had taken her over the edge while riding, but never like this. Her pussy lips squelched as they parted around the horn, and there was

so naughty. If her father found out what she was doing, she could count on being grounded until she was 30.

She hadn't been at it for very long when the first wave of climax began to roll in. Slow at first, it began building, and growing, until it was pounding through her like flood water cresting a swollen riverbank.

"Holy fuck!" she cried, girl-cream flowing from her cunt, the scent of her enflamed twat fighting with the musky leather for dominance.

"More..." she panted, digging her feet into the stirrups and increasing her pace. The leather squealed in protest, the tack stand beginning to sway. Lori perched high, forcing her snatch against the crown of the saddle's stiff horn.

"Ungh!" she grunted, wrapping the reins tightly around her fists, using them to pull her box hard into the tacky pommel. It slapped her puffy

'Right now I'm all about girls. I kind of gave up on guys. At least for a little bit. There's too much drama and bullshit with them. I have a better connection with girls, and I love eating pussy! Lately, if I ever get the urge to fuck a guy I just get my big dildo and fuck myself with it. I call it my boyfriend, and it totally satisfies any need for cock that I may have.'

They'd never let me spend the night with a guy but with a girl it's totally okay. Little do they know that we're licking each other's pussies and buttoles and making each other cum. They actually think that we're being innocent!"

"She loves cock. Before we met she had never done anything with a girl. I don't think she'd even considered it before. But I changed her mind about that. We started hanging out a lot and spending the night with each other. I was always very touchy feely with her, and one night we kissed. I could tell she was into it by the way she was sticking her tongue deep into my mouth. So I stuck my tongue deep into her hot pussy."

Do you like that you turned your girlfriend on to pussy?

"Of course! I mean, this girl was super straight when I first met her. So the fact that I could get her into girls made me think 'Wow, I must be really good with my tongue!' At first she only wanted to get head from girls. She wasn't really into eating girls out. But the more I did it, the more curious she got about tasting pussy. So finally she went down on me, and she liked it a lot. Then that made me feel like I have a nice pussy. She kept telling me how good it tasted and how much fun it was to munch on my twat."

So tell us, did he fuck you as good as he plays the guitar, Nina?

"Even better! He started off fingering me, and I knew that was going to be good 'cause duh, he plays the guitar! Then he ate me out and it was awesome. He made little circles around my clit with his tongue and tickled my G-spot with his finger. It made me cum so hard I was shivering. So by the time we started fucking I was very turned on. We really went at it! I got on top of him and started slamming my pussy down on his cock. I was so horny I felt like I had endless energy to just keep fucking and fucking. And I don't think I've ever moaned so loud during sex!"

What is it about musicians that makes girls go wild for their cocks?

"It's their talent and their confidence. And you figure if they know how to play an instrument well, then they probably know how to use their instrument to make you cum! At least it was true in this case. I got fucked really good, and then I got a nice, big load of cum on my face."

JOCK COCK *Rocks*

***And the trim ain't
half-bad, either.***

By Roman Lewis

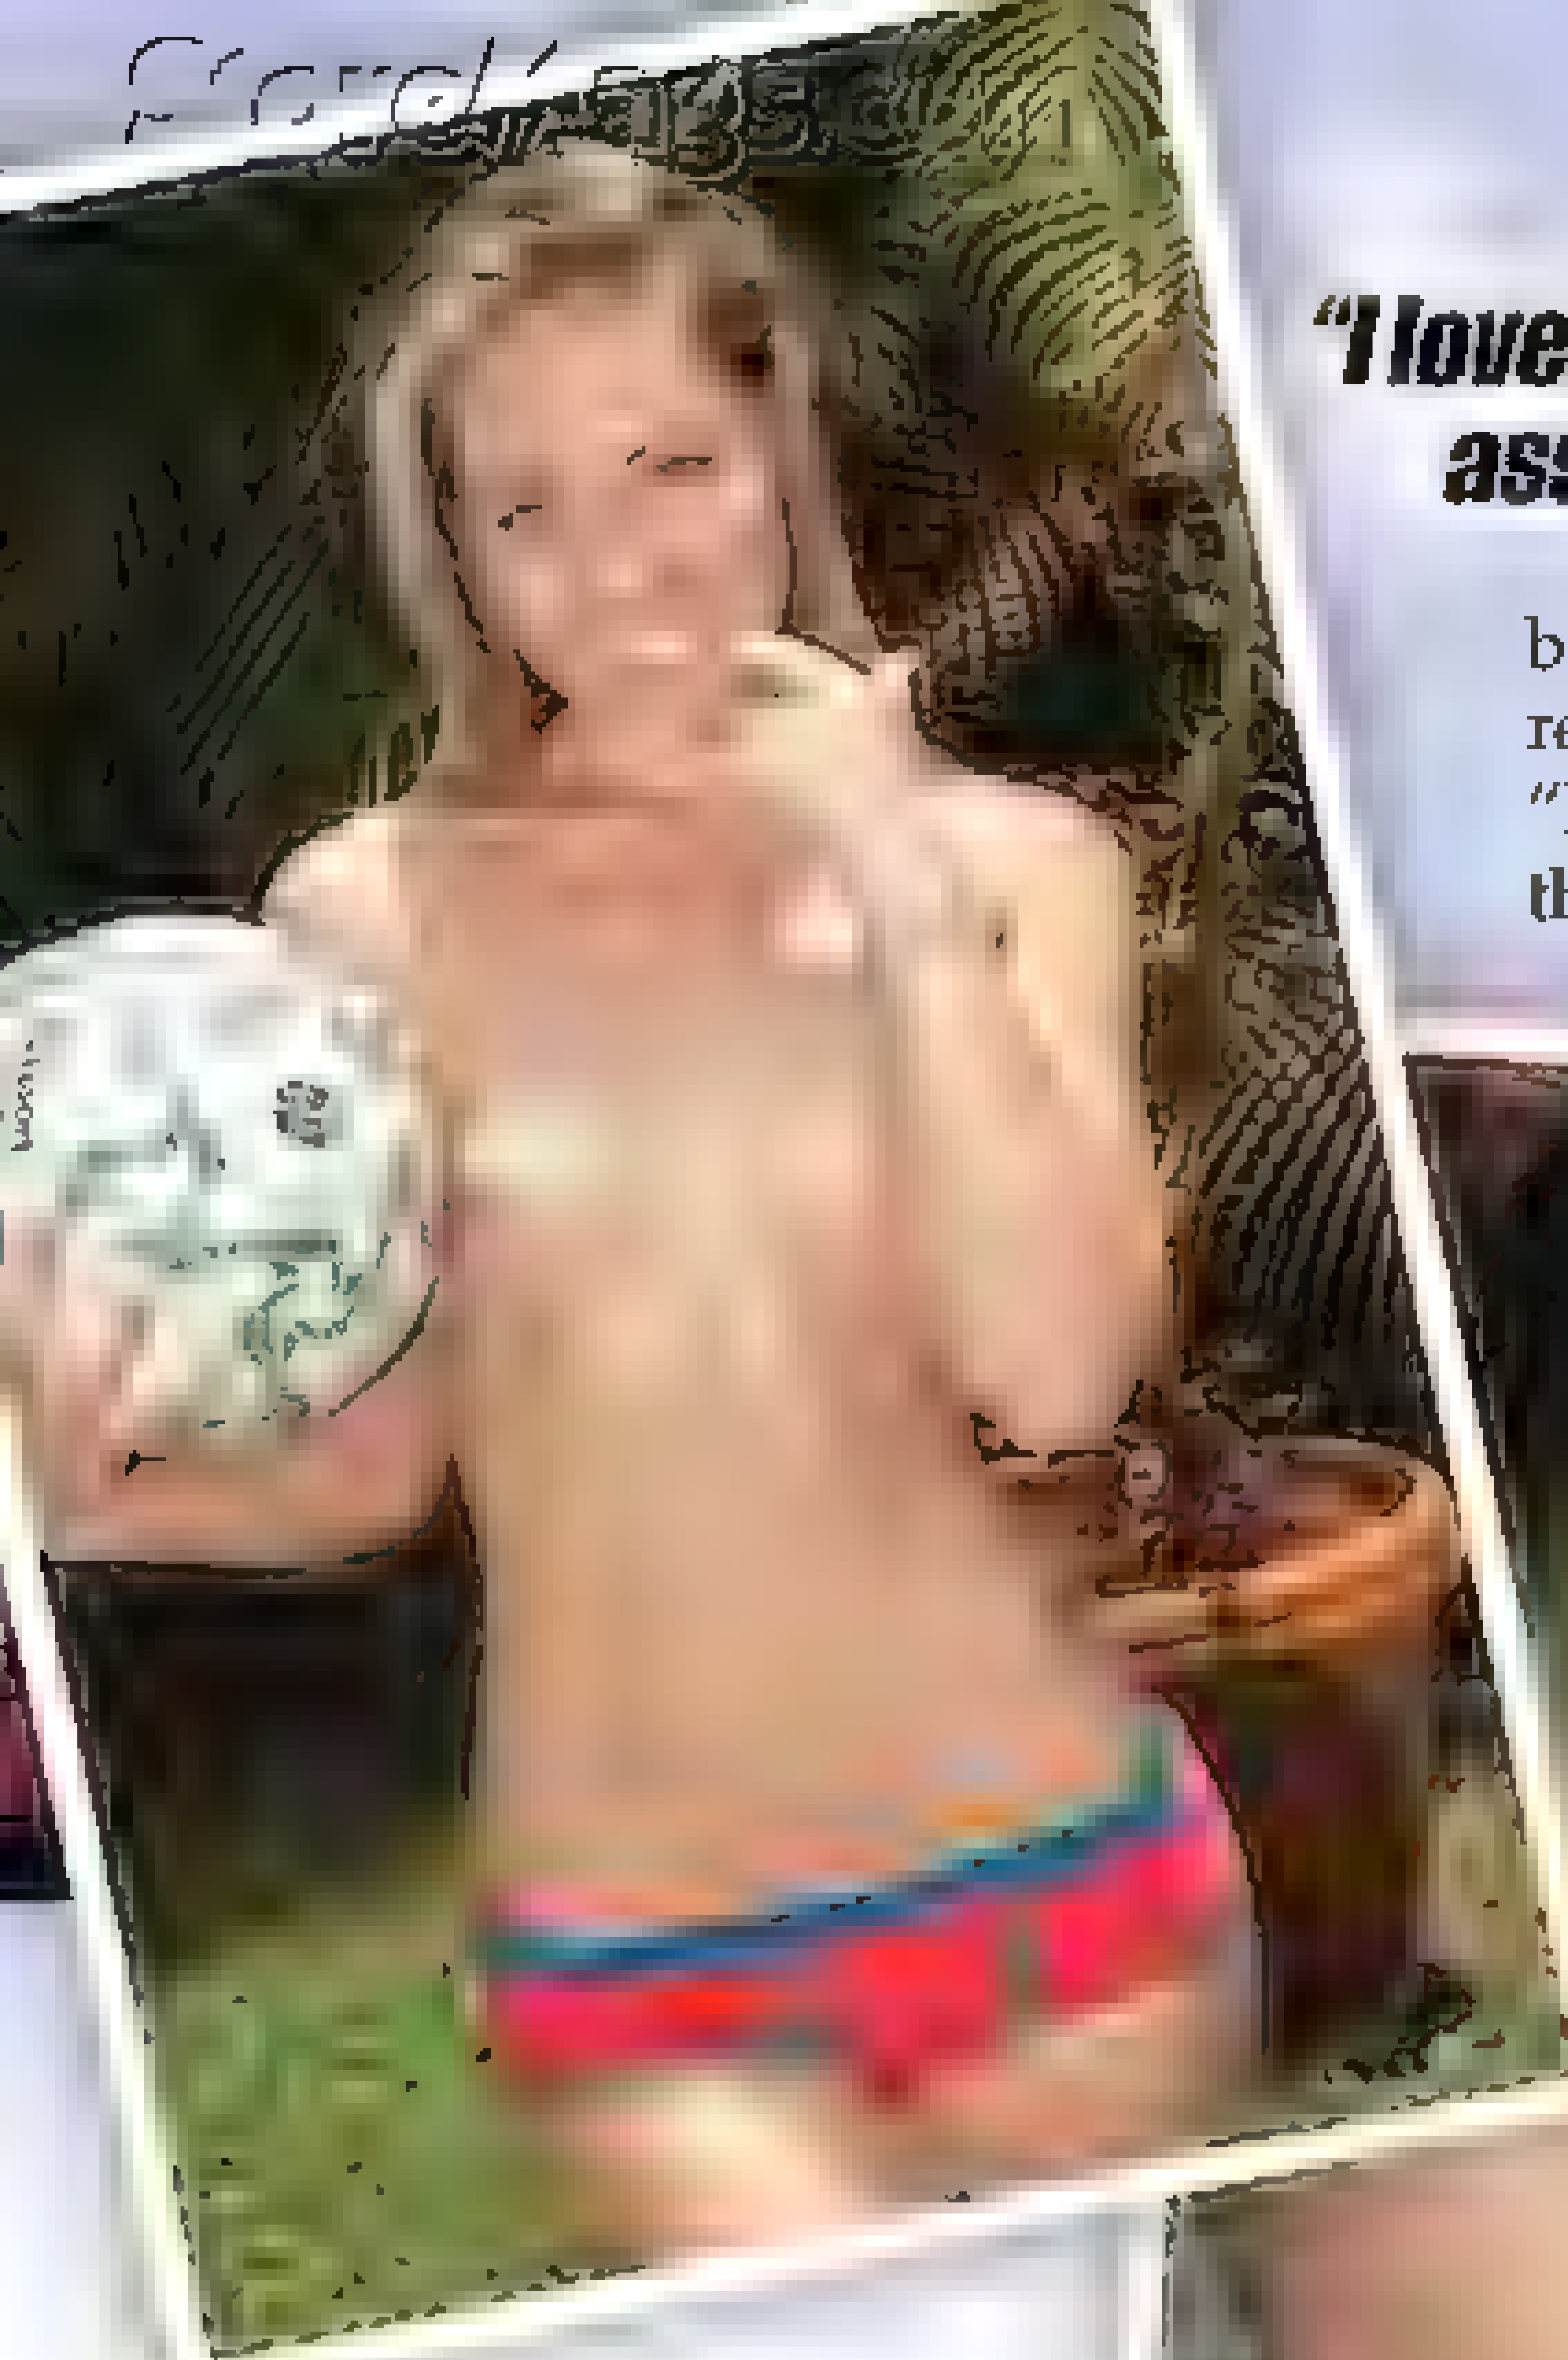

If there's one thing I enjoy—and I can't lie, in the right moment I might even enjoy it more than having a college coed for a mistress—that thing is sports. Football is by far my favorite, but on a given Sunday, I could easily amble from bedroom to den (preferably after coming down from a particularly sloppy wake-up blow job) and park my ass on the sofa to watch baseball, golf or NASCAR just as easily. I could sit there in my underwear all day in fact.

I'm not sure I've ever held a racquet in my life, but my eyes will even glaze over watching tennis. I mean, who can't drift away watching two ridiculously in-shape chicks sweating and grunting at each other in teeny-tiny skirts, anyway?

Yeah, sports definitely brings out the Al Bundy in me—a trait I'd venture I have in common with a good bunch of the *18eighteen* readership.

I know I've mentioned it before, but my young lady friend is a bit of a jock herself, a hot hiker who happens to

"I loved watching her small, tight ass and legs in her uniform..."

blonde!" My dick throbbed in response. More like "boner-fide." "Her bush wasn't crazy-big or anything, but she left it natural. It was a tight,

ing her small, tight ass and legs in her uniform when she was pitching. I loved the way she'd flirt with me, too, and the way she'd wink at me whenever she talked about being 'on the mound.' It made my pussy wet. My muscles would flex involuntarily. And I'd totally imagine looking down between my thighs and seeing her face there, eating my twat like she was starving to death."

At this point, I am going to have to take a snack break and haul my little lady into the bedroom to cneiw off her little panties and remind her why she loves being hooked up with a moderately silver fox such as myself. I'll be *rniiinght* back. Don't touch that dial; there will be more Eden later on. For the moment, enjoy a couple of sports tales from two of our closest friends.

GOOOOAAALL!!!

Soccer was Ben's sport from the time he was a boy. His parents moved here from Spain when he was two, and although

they happily assimilated, his dad's love of fútbol was not going to be spurned for "the silly American kind" (which is what he jokingly called it all through high school when Ben and I were on the team). Ben played soccer, as well, of course. And in college, too. And although he eventually gave the sport up for a real job, he volunteered coaching a girls' team.

"The best part about that," he says, "is that there are other volunteer coaches, too. Some of them are female players from the nearby college."

And last season, there was Leah.

She was the star player at the high school. And she was gorgeous. And she was 18. And she'd just graduated and was going to be off to a top school in the fall on scholarship. "She coached a couple of the teams that

enjoy Pilates and a fun pick-up football game when the timing's right. It's one of her finer qualities. She was something of a softball star in high school, and with a couple of beers in her she will boast that as a second baseman she made the All-County team two years in a row. Even got an All-Star trophy her senior year. It's pretty cute, I have to say. But of her collection of sports yarns, it's not my favorite.

She's an old lady of 23 now and working on a graduate degree (mind you, this geriatric ape is not complaining), but back in her freshman year of college, while on a softball scholarship, she became friendly with the team's pitcher, Eden.

"Oh, she was so cute," my little lady recalls, twirling one of her brunette braids as she recounts the tale for my story, knowing well I'm already rock-hard in anticipation. "She had a tousled, short almost platinum-blonde 'do. Totally adorable. I had seen her naked a bunch of times in the locker room and she was totally genuine! A real-live bonafide

blonde triangle and something about it just got me hot, even though I've always been boy-crazy. It was sexy and cute and it made me want to press my face in there to kiss it and smell it. I still can't explain it! And for half the season, my favorite fantasy when I played with myself was of the two of us in a 69. In the dream my pussy was hairy, too, and when we'd make out we'd grind them together. Mmm, God, I'd cum so hard when I thought about that...I remember having to change my panties once or twice"

The fun part about this whole thing—aside from the obvious—was that Eden was (and, I imagine, still is) a lesbian. "She had never been with a guy, and she'd never wanted to be," my girl says, "but she wasn't at all averse to satisfying the bi-curiosities of straight girls for fun. I loved watch-

He lubed up his pinky finger and gently wedged it up into her bum.

played against mine during the summer program. She was tall with hazel eyes and thick wavy brown hair that I just knew would look so damn sexy cascading down her shoulders like a goddess. Of course, she always wore it in a ponytail, but that somehow made it even better."

That's okay, Ben. We get it. That innocent look kills us, too.

"She kinda flirted with me all summer," he says. "Just enough to keep me interested but not quite enough to convince me she was really flirting. And then came the night of the awards dinner. Wow. What a night."

Ben was at the head of the banquet room for this traditional end-of-summer event, fiddling with the P.A. system, when he caught a vision in pink sweeping into the room. "I was knocked off my feet. Not that she looked older, but she looked so sophisticated that I was sure she had to be someone's mom until she got close enough."

The dress was Grecian and off-the-shoulder. Slinky, it hugged every curve as it fell all the way to the floor. "It revealed so much without revealing anything. She was just stunning. And that goddess-hair was shiny and wavy and I could almost smell fresh peaches in it when she leaned forward to kiss me hello."

It was the most forward she'd ever been and her feet, high and pretty in bronze stiletto sandals, occasionally teased his legs beneath the table. "I looked at her a couple of times, sure it was a mistake, but she'd be right there, eyes twinkling at me playfully over her water glass as she took a sip. I imagined them closing around my shaft and prayed my hard-on would go away before I had to go to the podium and hand out the trophies."

Ben got his at the end of the dinner when Leah asked if he could give her a ride home.

"Before we even got out of

the lot, she put her hand on top of mine and said, 'Not my home, Ben.'"

His mouth went dry at first, then, as he began to think about the evening ahead, it grew very wet indeed. My boy was salivating like the Big Bad Wolf.

"There was about four minutes of small talk once inside the door to my apartment and then her back was against the wall of the foyer and we were making out hard."

In heels, Leah was actually about an inch taller than Ben and one of those mile-long legs snaked out from beneath her silky gown, wrapping itself around his like an anaconda about to do a death roll. Ben's cock was a stone javelin, responding instantly to the way she was grinding against him like an exotic dancer in the champagne room.

"We kissed, really deep and hot, and then I looked at her to make sure it was all good before leading her to the bedroom. I don't think I've ever been so happy that I'd changed the sheets and made the bed."

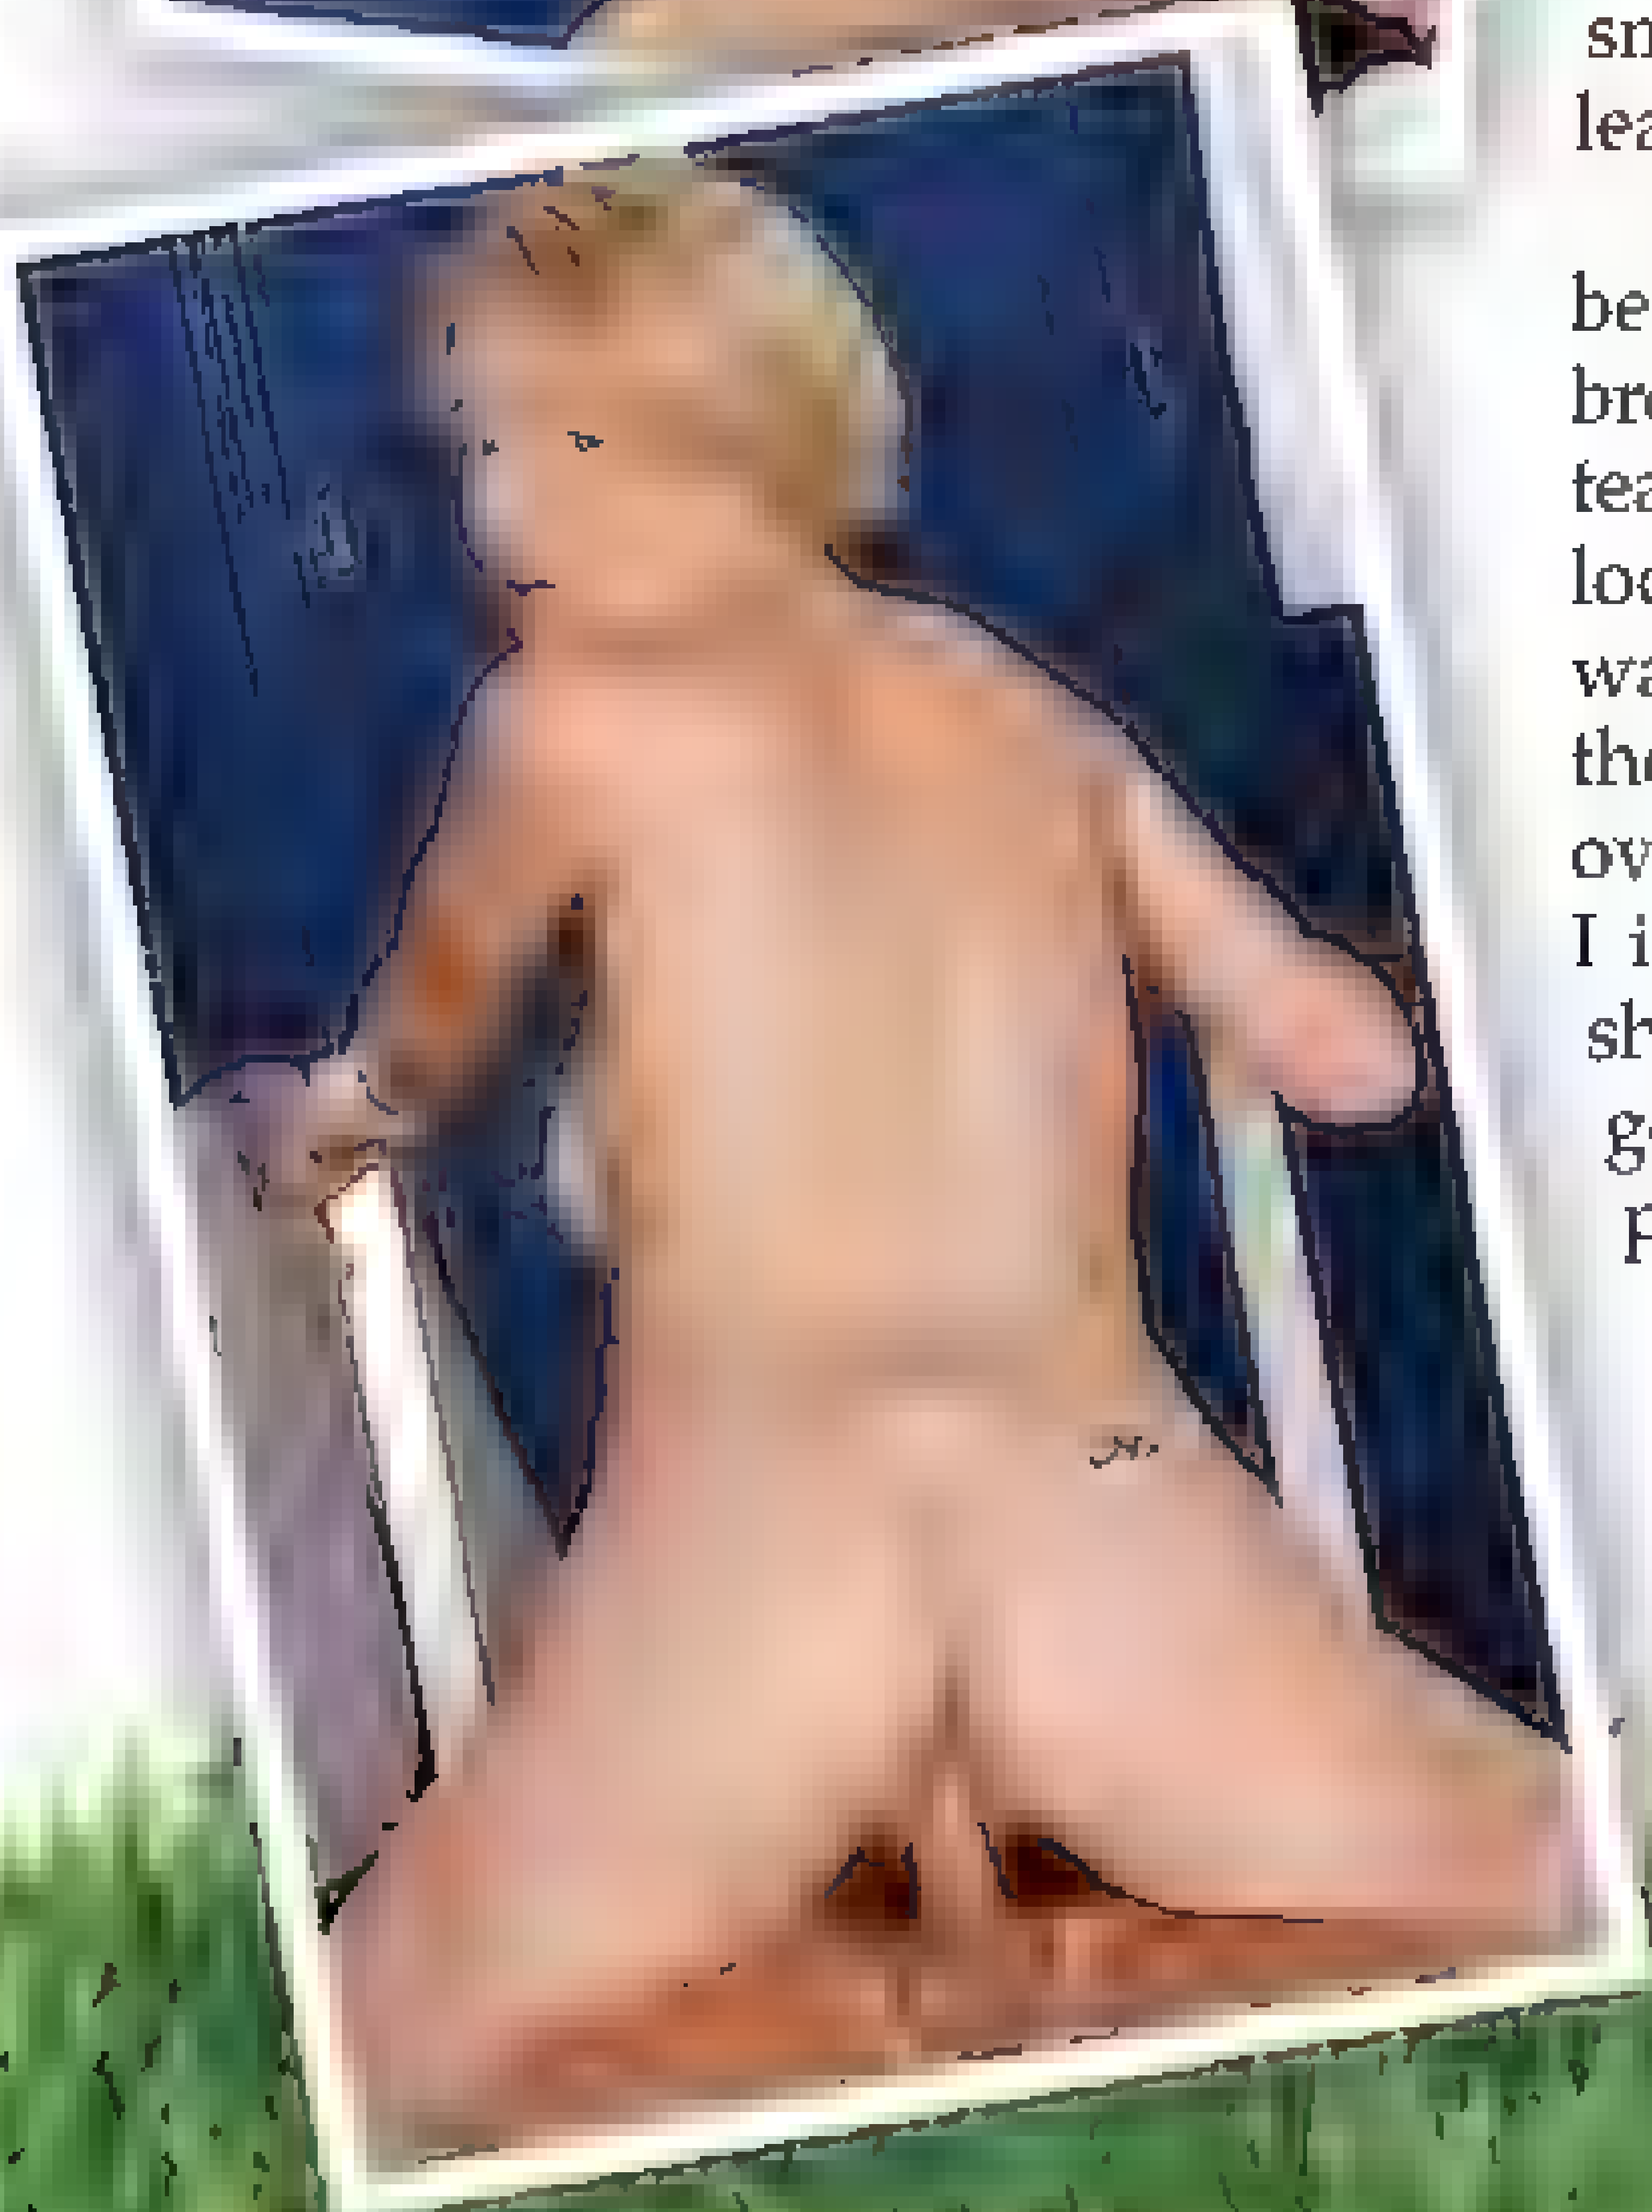

She threw herself back on the king mattress and raised her leg toward him, propping her delicate feet—still strapped into her heels, up on one shoulder. The dress slipped back to her waist, revealing she'd come to Awards Night and forgotten her panties. Her bare beaver begged for his attention. He didn't waste time, planting kiss after kiss up her long, toned thigh before spreading her lips wide and drawing her clit into his mouth, reveling in the way she pressed up against him, hiking her skirt higher, bringing up her knees, spreading wider—and then she spoke.

"Put your finger in my ass."

"I was like, Are you kidding me? I had this girl working with me all summer and on the LAST NIGHT she reveals that she's a pussy-shaving freak for booty play?"

He got over it quickly though. Hey, at least he was going to have some booty action for a night!

With Astroglide in the side table, he lubed up his pinky finger and gently wedged it up into her bum. "I could feel it squeezing me, and it was about all she was going to need with my

tongue lapping her clit to cum a river over my chin. Totally delicious. But before I could even enjoy it she was up and out of the bed and taking that beautiful dress off in one fell swoop, revealing a long, hard athletic body with rose-colored buds on her tiny breasts. She bent just slightly over my dresser in front of the mirror, jutting her ass out for me, and still wearing those slutty heels.

"Then she asked me to fuck her."

Ben was out of the pants—still in the shirt, mind you—in two seconds flat and his considerable bone was buried in Leah's backyard four more seconds later. He squeezed her tiny titties in his hands while they watched themselves go at it in the mirror like lust-drunk porn stars. She leaned her lithe, teenage body back against him, and he watched as his hands ran the length of her slender torso, admiring its shape while his cock made a cozy home up her backdoor.

She reached down and began to finger herself and the sight of her spreading her bald lips open and fingering her swollen nubbin triggered his balls to release the hounds. He pumped her ass full, and then sprayed the rest onto her small, tight buns for good measure.

She didn't stay long after that. She had practice in the morning, and it turned out that she wasn't much of a cuddler. She thanked him for a great evening when he dropped her off at home and never looked back. "It actually took me a few months to get over her," he sighs. "She really could have been the one."

He then breaks down into a fit of laughter. "Seriously, though. She was totally fuckin' hot!"

LUNCH MUNCH

My girl's best friend, Lacy, had been with the same guy since high school. She's 23 now, recently single, and confessed to us awhile back that she really wanted to fuck another man, a stranger, to get back in the game. "It just seemed right," she said just the other night, stopping by on her way home from her company's flag football game, "so I just did!"

Um, WHAT? My girlfriend went insane. "You just fucked someone? A stranger? Just now?"

"Yes!" she giggled. "Like 20 minutes ago. I fucked someone. This guy. I don't know his name. But his last name is Munch."

"WHAT?"

My lady had lost her words.

"We had a game today," Lacy said. "I think it was against an insurance company. There was a guy on their team. He was kind of cute. His co-workers just called him 'Munch.' I'm guessing it's his last name or something. He was wearing basketball shorts and from what I could see bouncing in there, it looked like he was packing. It got me horny, thinking about just going back to his car and sucking his dick after the game. So, that's pretty much what I did."

We sat there, dumbfounded, but managed to encourage her to go on.

"I flirted a little during the game, not so much that my co-workers would notice, but enough to get his attention. And then, before the game broke, when I had a moment, I asked him if I could suck his cock. He looked like he thought I was kidding for a second, but I guess he thought it was worth taking the chance that it was going to be a practical joke."

They went back to his car. Lucky break, it was a Humvee, tinted windows, tons of room. By the time she'd closed the passenger door, his shorts were tenting like there were Bedouins camped in there.

"It was nice. Eight thick, veiny, throbbing inches. I couldn't wait to suck it. And we were both sweaty, too, from playing, which for some reason only got me hotter and wetter. I sucked him and slobbered on him until he was right there, squeezing his sweaty balls while I ran my tongue up and down the length of him. Then I climbed on top, pulled my little shorts to the side and rode his big dick until we both came. I even pulled my shirt up for him. It was a good deal. He nibbled on my nips just how I like it."

"That's it?" my mistress asked.

"Yup," she said matter-of-factly.

And with that, newly single little Lacy was off and running.

RETURN TO THE GARDEN OF EDEN

Alright, where were we?

"I was thinking about Eden going down on me..." my girl breathes at me, her face still flushed from orgasm. My cock is still hard. Sometimes it's better to give than receive. Today, I'm feeling like Santa Claus.

"Right," I say. "Go on."

"Anyway, one evening we'd both stayed late because of an intramural program we'd had going on with a local high school. We headed into the showers together and there was just something in the air. We both knew something was going to happen. I'd never been with a girl and I have to admit, I was really, really nervous, but totally hot for it."

They went to the lockers like they always did, but Eden only put on about half the lights. The place was deserted and the shower room—essentially a small, pink-tiled box with three spray heads on each of the four walls—was filled with steam before long. Conversation was minimal, tension was palpable and finally Eden moved closer, placing her hot, soaped-up hands on my lady's lovely olive-skinned shoulders.

"She rubbed them, squeezing them like a massage therapist almost. Her hands were small, but strong and silky, and then her lips were at the back of my neck, kissing me, then nibbling on me as one hand slid around my belly, rubbing that flat area between my mound and my belly button. She was teasing me, and that was soooooo fantastic—since most men just head straight for the goods. She really knew what she was doing!"

Yeah, I knew what I was doing 10 minutes ago, too, but I wasn't going to ruin the rhythm of her story!

"Her left hand was covering my left breast, rolling the nipple gently but firmly between her thumb and forefinger, but she never stopped holding my breast in her hand—the whole thing—squeezing and caressing, it felt so incredible I just leaned forward and braced my hands against the wall in front of me while her right hand slid lower, her longest finger finding its way through the silky-wet hair on my pussy and dipping into my slit,

on, Lorna?
That's not
very ladylike!**

"I want to be able to Kick ass! And I've been wanting to get into a sport, so I chose boxing. Besides, isn't it hot to see two girls fighting? You know, one time I actually got into a fight with a girl and we ended up fucking! She was my friend, and she came over to my house to confront me 'cause she heard I hooked up with her boyfriend. We started screaming at each other, and she lunged at me! We were at each other's throats, pulling hair, scratching, slapping. And then out of nowhere we started kissing!"

That's the weirdest make-up sex story we've ever heard, Lorna.

"I know! Even while it was happening I just kept thinking, "What the fuck?" But I guess since we were both so heated and feeling so many emotions...it just happened. There had been a lot of sexual tension between us before that. And for the record, I didn't hook up with her boyfriend. That was just a rumor. So we started making out, then we both stopped and looked at each other in like, disbelief, then kept making out super hot and ripped each other's clothes off. So you could say we kissed and made up!"

just barely, to tease my clit. God, I'm getting fucking horny again telling you about this!"

Eden stayed behind her, breathing in her ear, grinding that wet, blonde muff into the side of her hip, working my lady's pussy, fingering her deep as the hot water coursed over the two of them, bringing her close to the edge, but not all the way over.

"We moved to this corner bench—it was a triangle-shaped seat, all pink tile—with rails. I sat down and brought my feet up on either end. Totally spread-eagle. Eden stood in front of me and the top of her belly was at my mouth, so I kissed it and pressed my hands against its flatness. It was so hot and steamy in there. Just amazing. And then her knees began to bend and my stomach tightened. She was going downtown."

She watched, biting her pink lower lip with anticipation as Eden assumed a crouching position before her in the hot mist, her small, strong hands on each thigh pressing them a little wider as she looked at the pearly perfection there between my girlfriend's legs—a luscious, swollen mound capped with a light sweater of silky, dark strands, the only accessory to the quivering smooth-shaven vulva below. Lilac folds peeked from between, glistening with the wet of the shower and the sugary wet that was coursing from inside. Eden's warm breath on her pussy made her vag flex.

"She looked up at me—it was so much like my fantasy, her face hovering there over my cunny, which was about ready to press itself against her mouth—and whispered something about how bad she wanted to fuck me or eat me or something. I can't remember. My eyes were just glued to her lips, and it was taking everything not to just buck my hips up and smother them with my girl pie."

Just then, Eden's head lowered, and her mouth came down on that soft snatch as though she were in love. "She didn't eat my pussy. She Frenched it. It was otherworldly. I couldn't see her tongue half the time because it was buried deep between my lips, snaking through the valleys, savoring all the cream and working

my clit in ways I have since tried to replicate a thousand ways but can't!"

She came all at once and suddenly, her shapely calves wending their way around Eden's shoulders, ankles locking and pulling her in tighter, smothering her in sweet, succulent snizz until she practically had to extract herself to breathe.

"I needed a minute to rest, but when Eden stood up and walked out to the locker area, naked and dripping with that cute, little, round ass and that blonde muff, I felt a second wind coming. I still can't figure out why her bush turned me on so much! I was going to taste that pussy and get my face up in there. Just like I'd been dreaming about."

Eden threw a couple of towels down on one of the benches that ran the entire length of the locker row. The girls straddled it and sat, hands roaming over one another as they kissed, mouth to mouth, for the first time in earnest. Taut nipples on small, pert breasts rubbed against one another. And then Eden decided to lay back, her knees splayed apart, feet up on their balls to give her balance. Her legs looked beautiful and powerful. And that natural blonde puff between her legs was a delicacy to be explored.

"O. M. G." my girl giggles. "It was so sexy. It was all clean and puffy and soft and smelling ever so slightly of Eden, but mostly of pomegranate shower gel. It was like eating a warm fruit salad that got hotter and juicier the more I licked and sucked. I had no real idea what I was doing except for knowing what I liked. It seemed to work like a charm, and it was so hot locking eyes with her and knowing I looked just the way she did, all sexed up with the bottom half of my face hidden in her tasty blonde bush!"

"Tasting her cum was totally sexy, but the absolute best part was slithering up the length of her petite, little body and kissing her deeply, letting her suck her juices off my tongue while I ground my little cunny down against hers and felt her shivering with aftershocks from the orgasm. By that time we'd gotten so worked up, we were both sweaty again. So we took the party back to the showers and started over!"

For the record, this is the only story my little lady ever tells that I don't get sick of hearing.

THE FARMER'S DAUGHTER

Continued from page 28

looked on, already feeling the warm spot between her legs spread as feminine wetness seeped out of her snatch.

Brian finished checking the stalls, and stood, gloved hands resting on the gate rail. He looked thoughtful, before turning to the tack room. Lori, who couldn't bear to wait in the shadows another second, revealed herself.

"Hey."

"Heya yourself," Brian answered, giving her a polite nod. "I expected your father to be waiting for me."

"He, uh, isn't coming," Lori said, nudging a bag of oats with the toe of her sneaker. "And...He didn't put that note in Dave's box to tell you to muck out the stables."

"Well, that's a relief," Brian said. Mucking the private stables was a chore handed down to the staff only when they were in the dog house. Lori looked away.

"Sorry," she apologized, her tummy filling with butterflies. "My handwriting looks a lot like his."

"I see," Brian said, crossing his arms and leaning against the stall gate. "Any particular reason you dragged me down here?"

Lori looked up. She expected to see an angry look on his face. But his expression wasn't angry. In fact, he was wearing that goofy half-smile that made her heart lurch every time he favored her with it.

"Wanted to show you something," she blurted, turning quickly and disappearing into the tack room. Moving fast, because she feared losing her nerve if she hesitated.

Brian followed. Outside, it was growing dark.

"All right," Brian said, entering the tack room. "Now just what is it you want to show me?"

"Something wrong?" Lori asked. "I heard you were an ass man," she said, wiggling hers at him from her spot by the saddle stand. She'd dropped the denim mini-skirt she'd been wearing. There were no bloomers to worry about—she'd dispensed with her undies back at the house.

Brian whistled, low and long. His eyes roamed over her heart-shaped bottom, and she could tell the view was having its intended effect. Brian

blinked, then gulped, unconsciously reaching down to adjust himself.

"See something you like?" Lori teased, pushing up onto her tip toes. Her calves flexed, and she bent over the saddle, presenting her backside to him in full.

"We could get in trouble for this," Brian said, his throat sounding dry. He didn't seem to be afraid of the possibility, though, and Lori got the feeling he was just throwing it out there to test the waters.

"Looks to me like you're already havin' trouble," Lori teased, staring at the huge lump in his jeans. Brian followed Lori's gaze, then stared back at her. More accurately, at her bare ass.

"Guess as long as we're not worried about clothes," he said, kicking off his boots and stepping out of his dusty, worn pants.

Lori's jaw dropped. She'd suspected Brian was well endowed simply from the tent he could pitch. But when she finally saw his cock—which she'd fantasized about for months—she was unprepared. She tried to hide her reaction.

"Guess the Hard 8 is the perfect place for you," she croaked, as he strode over. His dick stuck up like a flagpole. He reached her in three strides. His cock in two and a half.

"Is this how you say you're sweet on me, Miss Lori?" he drawled, amusement in his voice.

"See for yourself," she shot back, pressing against him, feeling his shaft, thick and hard, part her ass cheeks.

Brian palmed her thigh, teenage bottom, his callused hands reminding her of the leather of her saddle from earlier today. Only lube was trickling down her leg. She could smell her sweet aroma, and was certain Brian could smell her excitement, too.

"Ready to go for a ride?" he asked, grabbing hold of her hips and lifting her off her feet, the head of his enormous cock searching—searching—then finding her snug entrance, nuzzling against her outer folds.

"Oh, am I ready for a ride," she sighed, digging her fingers into the crown of her saddle.

Brian plunged into her, and with the force of his cock, drove all the breath from her lungs. Her head jerked back, and she remembered what it had been like to lose her vir-

NANCY

TANNED TWAT

Hey, Nancy. Why don't you tell us about yourself.

"I'm from California, and I like to go out and hang out with my friends. I like shopping, trying new food and tanning. Going to the beach is one of my favorite things to do. Oh, and most importantly I really, really like having sex, too!"

Have you ever tanned naked at the beach, Nancy?

"Yes, but it didn't last long. One time I was tanning topless at the beach and some officer told me that I had to put my top back on. I think he was just being a hater! If I want to tan naked I do it mostly at my pool when my parents aren't home. That way I don't get hassled by anyone or threatened with a citation. I would take off my bathing suit while I was in the ocean, but the water is so cold I can't stay in for too long. I love the beach, but when it comes to being naked by the water, home is my best bet. I can lay out with my tits and pussy out, get an even tan and not worry about a thing. Sometimes I'll even play with my pussy for the hell of it. It's nice being all naked outside, I just wish I could do it at the beach!"

As a California beach bunny, you've probably had sex at the beach...

"Yup. Lots of times. I've done it in the daytime and at night, too. One of the best fucks I ever had was at the beach under a lifeguard house. I don't know if it was being out in public or what, but both of us were so horny! When I sucked him off he was so hard. Harder than usual! It felt really good when he put his dick in my pussy, especially because I was so wet and horny."

**What made
that fuck
stand out
from all of the
others?**

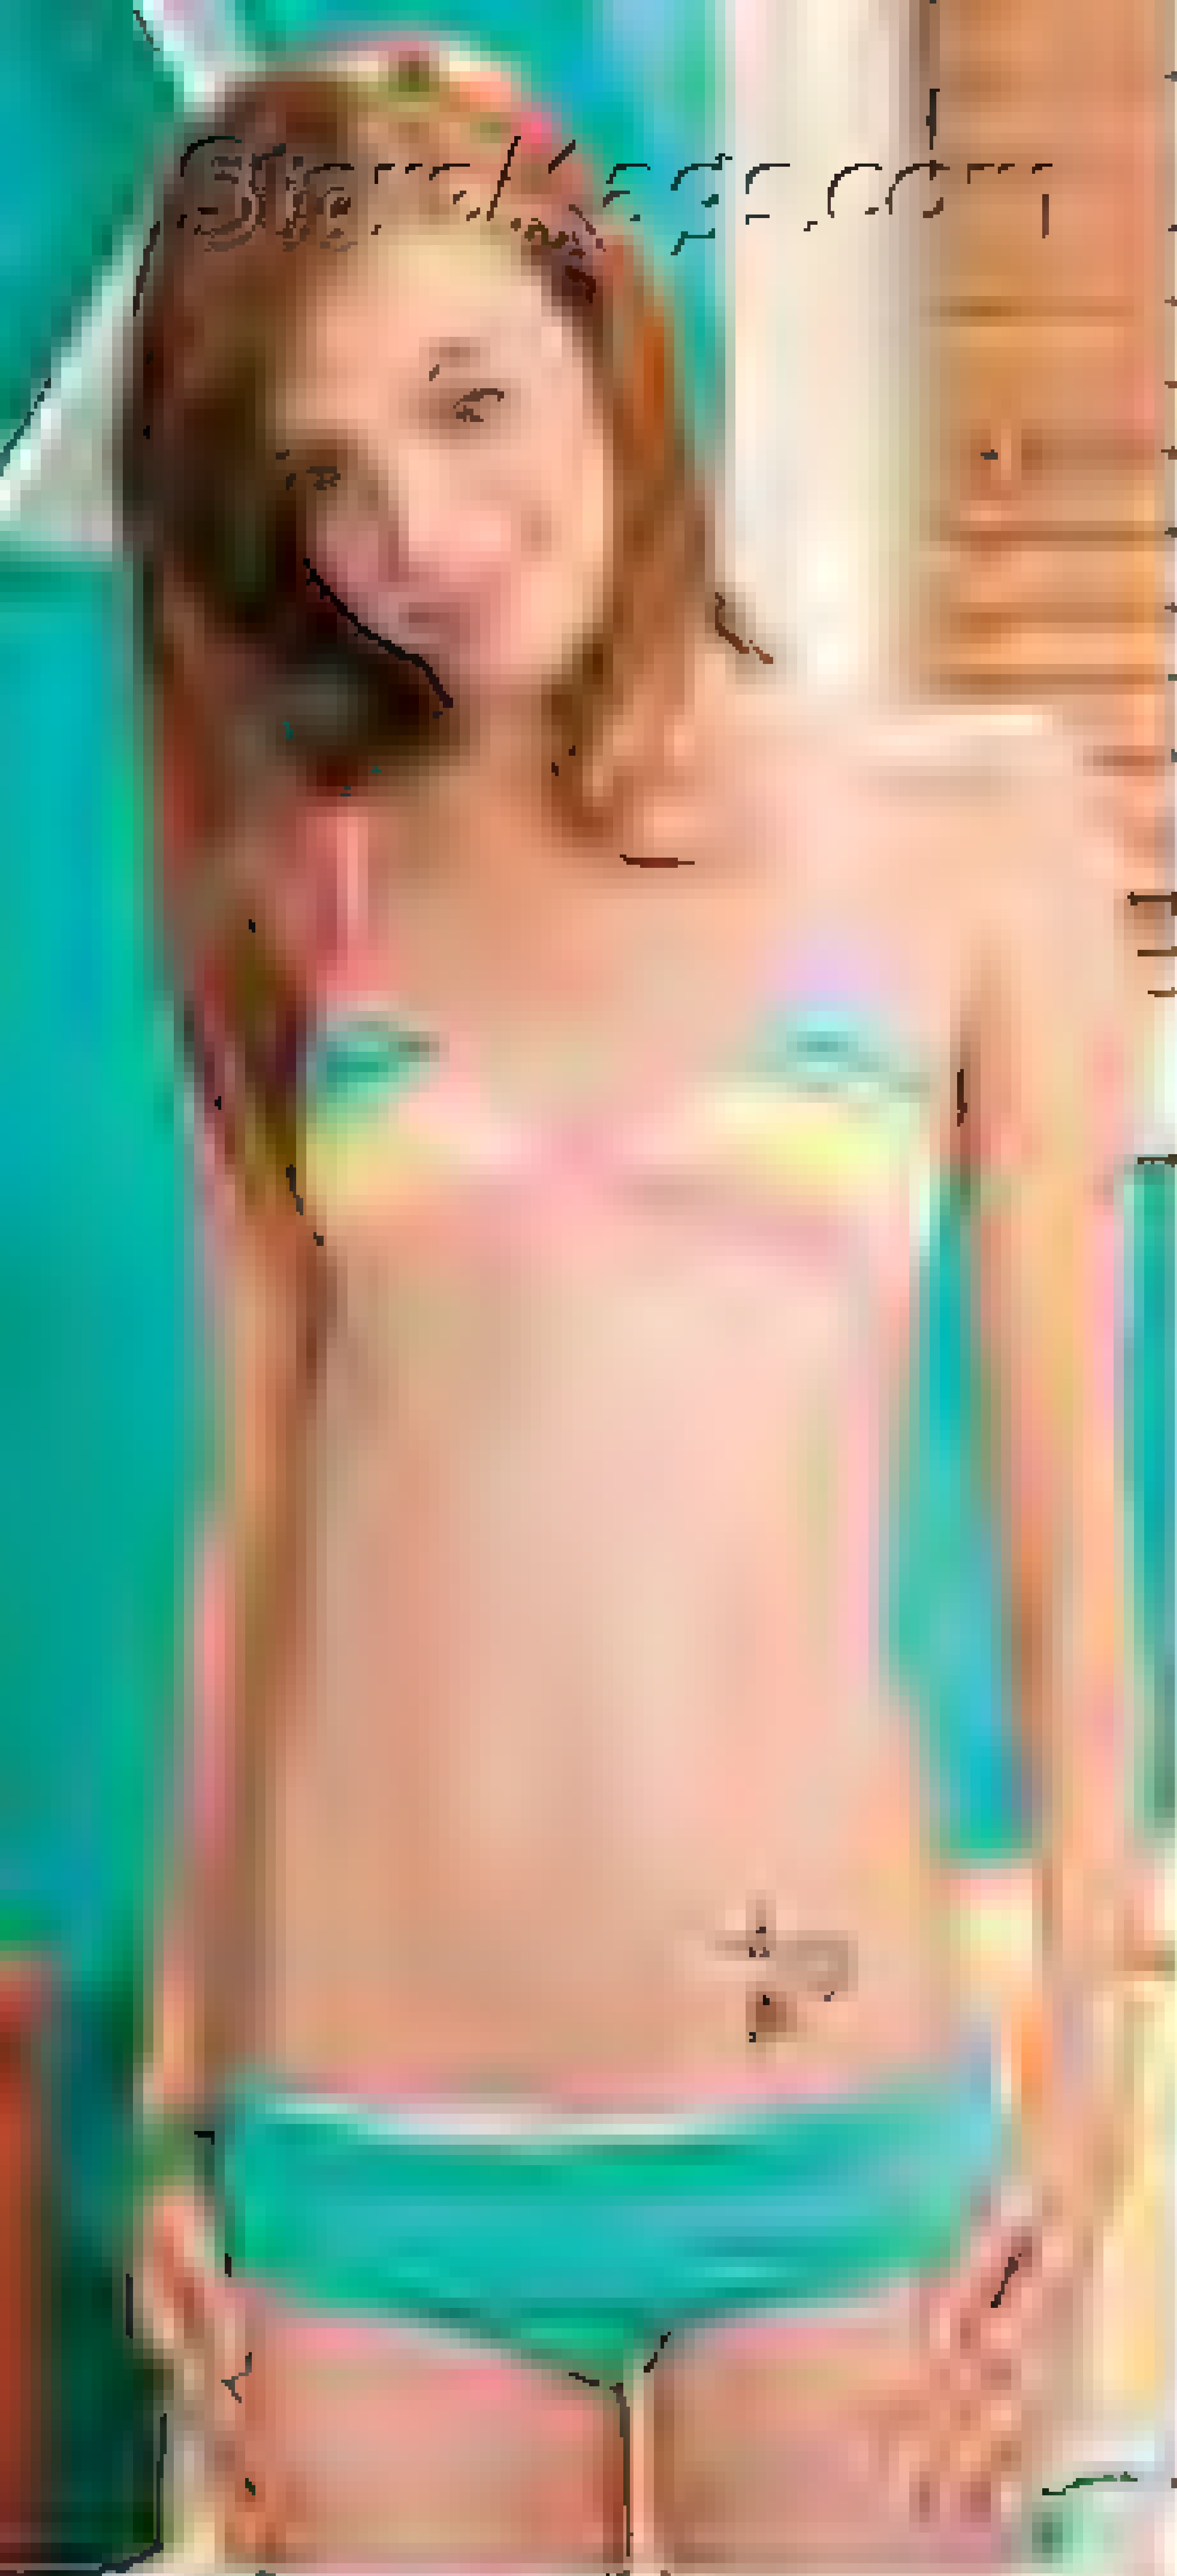

"The fact that we were outside on the beach and anyone could catch us. It was spontaneous; neither of us was really expecting it. I just grabbed his cock and one thing led to another. Maybe it was just the right time and place, but the sex was amazing! Both me and him had never had such crazy intense orgasms before. The whole thing almost felt like one big orgasm. We were just really into it, you know? And a funny thing about it—some guy was watching us the whole time and we didn't notice! When my guy pulled out and came on my tits, the guy watching us started clapping!"

JOSIE

FUCKIN' FRONTWOMAN

Josie, a little birdie told us that you're in a band. Is that true? That's so cool!

"Yes, I am in a band. I'm the lead singer. We play like, poppy rock kind of stuff. It started off as just me and my friends messing around with our instruments, and it turned into a full-fledged band, and we play shows and stuff now. My favorite part is getting to wear slatty outfits and having lots of cute guys flirt with me!"

**Are you having tons of sex now
that you're in a band?**

"I wouldn't say I'm having tons of sex, but I've definitely had some interesting experiences. For instance, I just had my first three-way with this guy and with a girl in the band. We were hanging out backstage after a show, and we were both crushing on him. He said he wanted to see us kiss, so we did, and then I pulled him into the kiss. And we just all got into it."

"Well, I pulled him into a three way kiss with me and the other girl. Then I started kissing his neck, and I worked my way down to his crotch. I took out his cock and started sucking it. My bandmate came down there with me and we both blew him at the same time. It was super hot when we would come up to the top of his cock and kiss with his head still between our mouths. Then I hopped on top of his cock for the first ride. But I didn't want my friend to miss out on any of the action so I got in doggie style so I could eat her out while he fucked me. Then she fucked him. She wanted his load really bad so I let her have it "

I've been playing with toys like anal beads, and I even like to stick a small dildo in my ass every time I masturbate. I've even put a dildo in my pussy and in my ass at the same time. But they have to be small 'cause I'm still getting used to it. But it feels really awesome to be double stuffed!"

have you

THE FARMER'S DAUGHTER

Continued from page 66

ginity, the feeling of her hymen tearing while she galloped across the ranch's dry creek beds during the previous summer. Now, the wetness flooding her lubed her up, made it possible for Brian to penetrate her, his fuck-stick stretching her to her limits.

Her back arched as Brian bottomed out in her pussy, his balls nestling into her sodden crease, her flat chest pressing into the saddle.

Then, he began to fuck her. Hard, with desire and hunger. Nothing gentle about it. His cock vacated her love tunnel, her muscles contracted, and then he was driving back in, the length of him filling her cunt, making her groan with every stroke.

Brian thrust into her, insistent, shifting his hands up her hips, beneath her shirt, exploring the twin hard nubs that were her erect nipples. Her firm, cherry-sized buds were upturned and mega-sensitive, especially now. Brian pinched them, and Lori squealed with pleasure.

"Harder, Brian!" Lori urged. "Oh, baby, fuck me harder! Bang me 'til I cum fuckin' hard!"

Lori felt Brian's heavy balls slapping her gash, his tempo increasing, his golf-ball-sized cockhead drilling into her soggy depths. Lori had once owned a pogo stick, and the feeling in her belly now was ten times as intense as it had been bouncing up and down on it. Brian's pole, she decided, offered a far better workout.

"Oh, don't stop, Brian...it's so fucking good. God! You're so big...you're going to make me c-c-cu-u-u-m! Yes! Yes!"

Lori thrashed like a stubborn bronco refusing to be broken. Brian pinned her between himself and the saddle, her toes curled and dragging the hay-strewn floor. She clutched the reins, desperate to hold onto anything, while Brian's cock continued to pound away at her teenage fuckhole. All five foot, one hundred pounds of her bucked, but Brian never wavered, and cum squirted out of her cunny, bathing Brian's nuts and thighs in her frothy backwash.

Lori thought the orgasm was the most incredible one she'd ever had. Better even than her first, which had

been experienced alone and with nothing but her own tentative fingers. This, however, was something else altogether. The orgasm Brian was giving her, she thought, as it rumbled through her like a herd of spooked cattle, felt like being turned inside out, with Brian's dick making her insides mushy and hot. But it was her second cum, the one she didn't expect, that had her screaming almost on the verge of hysteria.

"Ohhh, fuck me!" she howled with abandon, although she didn't think Brian needed any direction. He was going at her savagely, her legs now wrapped around his hips, ankles crossed behind his back. When had he hoisted me up into this position, she wondered, but then ignored that, ignored everything and just let him do her, frenzied and passionate, waiting...waiting to feel the hot sensation of him blowing his jizz up her twat.

Only...he didn't. Practically delirious with her resonating orgasm, Lori felt herself heaved off the sweat-stained saddle, her grip on the reins long having given out. Without effort, Brian swung her around, kicked over

a hay bale, and slowly extracted his prick from her love slot.

"What-?" Lori began, ready to protest. But before she could utter another word, Brian was straddling her face, aiming his baby-maker at her face and plunging his mouth between her thighs. She had only a second before his meat slid past her lips, against her tongue and into the back of her throat. She tasted her cum on him, his cock reeking of her heady aroma. She gulped, knowing it was impossible to take him all, but determined to swallow as much of his man-meat as possible.

Brian tongued her slit, his five o'clock shadow dragging across her clit, sending tremors running up her spine. His fingers dug into her ass, and he ate her like a starving man, making her squirm beneath him. She wrapped a small fist around his shaft, furiously jacking him, desperate to suck the jizz out of his balls, to swallow every drop of his salty load. She kneaded his nutsac hard, his testicles full of boiling semen. She needed to feel him explode, needed to taste him, to guzzle down his ball sauce and

make it part of her.

Lori wouldn't have thought it possible, him outlasting her despite two gut-wrenching cums, but Brian was concentrating on her clit, suckling it and finger-fucking her with his middle and index digits, the parched hay soaking up her copious discharge. She felt herself losing control, and had to push back, had to free her mouth so she could get enough oxygen to keep going. With both hands, she worked his shaft, drops of pre-cum landing on her face. She swabbed the tip of his throbbing cock with her tongue, clearing his dickhole of an increasing amount of warning-wad.

"Brian, Brian, you have to stop! I-I can't take any more!"

But she could, and did. Not much, but she lasted long enough for her hips to rush up to meet his hungry mouth, hands wrapped around his bone in a death-grip.

"I want you to cum," Lori purred. "Do it, Brian. Cum for me. Please? I want to taste it. Fucking shoot in my mouth...on my face."

With a final, excruciating lap at her

THE FARMER'S DAUGHTER

Continued from page 89

swollen nub, Brian rose to his feet, standing over her, his cock dangling, aimed right at her face.

"C'mon, darlin'," he huffed. "Finish me off."

Lori pulled his dick to her lips, working his cockhead for all she was worth, short-stroking his pole and feeling the tension building in it. She tugged him forward, letting him teabag her. She sucked his nat sac, pumping his pole and moving him closer to ejaculating.

"You ready, sexy?" he asked, his voice sounding far away as the blood pounded in her ears. "That's it, ohhh, yeah. Lori, that's...it."

Lori released his balls, dragging her tongue once more across the head of his delicious dick.

Brian erupted, unleashing a torrent of jizz, filling her mouth and then some. Lori gagged on it, trying to swallow it all, but it was impossible. Brian's cock twitched, and ropy strands of sperm spattered her face. Her hand was so slick she almost lost hold of him, as he rained down spurt after spurt of cum. Her face, her neck, her titties—he blasted them all with his slimy load. She kept at it, jacking him off, managing to get another mouthful of love lava down her throat.

Like a sudden, violent thunderstorm, it was over. Brian's jism slowed to a trickle, and he sagged down beside her on the hay bale, spent. Lori glanced down. It looked like a quart of buttermilk had exploded in her face. She giggled.

"Worth the risk?" she asked, scooping up some of his cum and licking it off her finger. Brian let out a sigh.

"Hell, I'd volunteer to be fired if it meant I could keep coming back."

"Maybe I should start taking late afternoon horseback rides," Lori suggested, painting her lips with another fingerful of cum. Staring into his blue eyes, she licked her finger clean.

"It is a big ranch," he said, grinning at her. It was clear he liked the idea.

"Tell you what," Lori cooed, "How about I bring the ass, you bring the sleeping bag?"

"That," Brian drawled, reaching out for her little ass once again. "Sounds like a deal."

TEEN FUCK DOLL

Hey, Matthew. Do you think I'll get your pussy eaten? I'd love to suck your pussy!

"Wow. That's really hard to answer. I think I'm going to have to say get my pussy eaten. I mean don't get me wrong. I love sucking cock. But come on, it's getting your pussy eaten! It makes me cum so hard, and who doesn't want that? As much as I love giving head, I'm not going to get an awesome orgasm from it. So yeah, I guess if I absolutely had to choose I'd rather get eaten out."

How do you feel about cum? Love it? hate it? Don't care either way?

"I like cum. It doesn't bother me. I really like it when the guy cums a lot and it shoots out of his cock like a fuckin' fountain all over my face or my tits or my ass. Then I rub it all over my fingers and spread it on my body, and I'm like, 'Yeah baby, that was a big one. You like this tight, little pussy don't you?'"
